### Short Answer

10. Answers will vary. Examples of the "me" would be studying hard to obtain good grades and following parental rules. The "I" part might come out when a teenager rebels against parental rules and throws a temper tantrum or acts silly at a party.
11. Answers will vary. Children need to know that others, especially adults, care about them. They need to be held, to have people respect their feelings, and to feel important. Without this socialization, institutionalized children could be developmentally delayed, both mentally and physically. As adults, they could be distressed, apathetic, withdrawn, or hostile (like Harlow's monkeys).
12. Answers will vary. Advantages are that people who cannot make it to campus can still attend classes and be exposed to world-renown experts. One disadvantage is that interaction is more difficult and, in fact, may be quite limited.
